SPLIT OCCURS IN CABINET

Three Austrian Ministers Formally Tender Their Resignations Today

RUPTURE OVER PEACE

Demand That Members of German Reichstag Be Allowed to Discuss Such Measures.

Amsterdam, Dec. 1. —The Emperor of Austria today accepted the resignation of his minister of finance, the interior and commerce, according to Vienna advices.

The three resignations naturally are associated in diplomatic comment, wth reports that Austrian leaders have been discussing a separate peace for their country.

The general assumption is that they favored such a step and were overruled.

The finance minister is thought likely to have surrendered his portfolio because unable to raise money to continue the struggle.

The interior minister is presumed to have retired through inability to organize food distributon satisfactorily and perhaps because he could not cope with outbreaks of popular discontent.

The commerce minister, it is suggested, undoubtedly was called into consultation with the heads of both other departments in connection with the country's industries. From the fact that he resigned, it is taken for granted that he agreed with them.

These are surmises for which Vienna dispatches offer no explanation. It is agreed that the resignations hint at an increasingly serious situation in Austria-Hnary.

Copenhagen, Dec. 1.—Fresh demands that reichstag members be permitted to discuss peace terms are contained in copies of the Berliner Vorwaerts.

The paper, Germany's leading Socialist organ, maintains that only in this way can the public be kept informed so as to support the government when negotiations are begun.

Berlin, Dec. 1.—A split threatens Socialist ranks in the reichstag.

One group is insistent on a government statement of the peace terms Germany will accept. The other believes this would be a confession of weakness. There is also a difference of opinion over government food regulation. During the expected recess of the reichstag, leaders hope to compose their differences.

Government leaders are confident Greece will remain neutral, but are not certain how, "benevelent" this neutrality will be toward the allies.

Regardless of Greek or Russian developments, it is declared the German-Austrian-Bulgarian-Turkish communication line is unbreakable.

NO VERDICT YET REACHED.

Jury Unable to Agree in the Case of Thomas E. Watson

Augusta, Ga., Dec. 1.—The jury trying Thomas E. Watson, Thomson, Ga., editor and publisher, in Federal Court here on charges of sending obscene matter through the mails, at 10.30 o'clock last night was unable to reach a verdict and wns ordered to retire for the night. The jury had been out eight hours.

Judge W. W. Lambdin, who had waited in his chambers for a possible verdict, announced that he would return at 9:30 this morning to inquire if a verdict had been reached. Earlier in the night, after nearly three hours' deliberation, the jury had sent word that it was "irreconcilably apart" and had made no progress, but Judge Lambdin ordered further deliberation.

Watson returned to his home at Thomson early in the night.

WAR SCENE SHIFTS.

Desperate Plunge of Italians Against Gorizia Continues With Slow Gains.

London, Dec. 1.—With the retreat of the greater part of the Servian army across the Albanian frontier, the slowness of the operations against Montenegro and in southern Servia, owing to the wintry weather, and the absence of any major operations on the western and eastern fronts, interest in the military side of the war is now transferred to the Austro-Italian frontier, where King Victor Emanuel's troops are carrying on an energetic offensive against the Austrians.

The fighting on this front has been the mos sustained and ficerest battle of the whole war. For weeks the Italians have been attacking the Austrian bridgeheads and mountain positions along the Isonzo River and are slowly but surely drawing their nets around Tolmino, Gorizia and Doberdo.

Their attacks have been repeated time after time against positions which had been most carefully prepared, and while the Austrians report that most of these assaults have been repulsed, their accounts are considered here to have been so worded as to prepare the public for their retirement from Gorizia at least.

This, for the time being is Italy's contribution to the Balkan operations of the allies; for it keeps a large force of Austrians busy and makes it necessary for them continually to bring up reinforcements which could be usefully employed against the Montenegrins and Servians. The Servians unless followed into Albania, will in time probably reappear as a rejuvenated army, for it is said that 250,00 of them, including soldiers and civilians, have taken refnge there, and that they have saved all their mountain batteries and a portion of their field guns. Also included in this number are all the youths who can fill the gaps when equipment reaches them large numbers of boys of 15 to 17 from the Adriatic. These include years old, who have accompanied the army.

German papers state that Field Marshal von Mackensen's army, with Bulgarians and Turks is to be directed against the Anglo-Fronch forces in the south, but doubtless many of them are going down the Danube to meet the Russian menace.

The public is expecting every day to hear of the movement of the Russian army, which the Emperor recently reviewed in Bessarabia, but apparently negotiations with Rumania for the use of the Danube have not been concluded. A Budapest report goes so far as to say that Rumania has refused permission to the Russians to use the river through Rumanian territory, which would be the more convenient route for an attack on western Bulgaria

There also seems to be some hitch in the allies' negotiations with Greece for nothing is yet forthcoming as to the latter country's reply to the latest demands for guarantees of safety, and facilities for the Entente's armies operating near the Greek frontier. The Greek reply was expected yesterday, and the delay in its receipt leads to the supposition that the Greek Cabinet is not prepared to go as far as the Entente Powers desire.

RACE RIOTING IN ARKANSAS

Started Over Killing of White By Negro Cattle Thieves.

Little Rock, Ark., Dec. 1.—Serious race rioting between negroes and whites in the Bushy Island district, 10 miles north of this city, developed yesterday and deputy sheriffs were sent from here to aid in suppressing the disorder.

Five white men are under arrest on charges of rioting and arson. A negro church, a negro school, several negro houses and farm buildings have been burned.

The trouble is the outgrowth of the killing last week of John Lee, a white farmer, in a pistol fight with three negro cattle thieves.

The scene of the rioting in years past was one of the most lawless sections of the country. Hog and cattle stealing has been prevalent of late, and it was in an effort to save his own property that Lee, 35 years old, was slain in a fight with Leonard and Josh Moore, brothers and Robert Coleman, the alleged thieves.

EXPLOSION AT DU PONT PLANT

Building Blown to Pieces When Four Tons of Powder Ignite

THIRTY-ONE MEN DIE

Force Engaged in Loading Explosives For Use of Allies in War When Disaster Occurs.

Wilmington, Del., Dec. 1.—Thirty men, many of them young, were killed and seven were injured when 8,000 pounds of black powder exploded in a packing house in the upper Hagley yard of the Du Pont Powder Company near here, at 1:300 o'clock yesterday afternoon. Only a hole in the ground marks where the building stood.

The cause of the explosion, an official statement of the company says, is a mystery.

There was the usual rumor afloat that some outside agency may have caused the explosion, but Du Pont officials said last night there was not a shred of evidence upon which to hang any theory.

The packing house was blown to pieces, as were other structures nearby. There were 25 men, all ranging in age from 16 to 21 years, at work in the packing house. None survived. They were all literally blow to pieces not enough of any body, save one, being found for identification. The others killed were outside the building.

For more than a quarter of a mile about the scene of the explosion the ground was strewn with arms, legs and bits of flesh. Even the trees across the Brandywine were hung with ghastly shreds of clothing and parts of human beings. One workman who rushed to help at whatever rescue work there was to do, spied an arm floating down in the rapid current of the creek, and fished it out with a stick. Two horses caught in the blast were torn almost preces and one large section of one of the animals was hurled more than a quarter of a mile from the place.

The men injured were outside the plant. They were struck by bits of machinery, flying boards, rocks and other debris and all were badly mutilated. One or two had eyes blown out and several lost an arm or leg. Physicians stated they were so badly injured that not one of them is expected to survive.

ANOTHER MINE HORROR

Explosion in West Virginia Kills Many Persons.

Boomer, W. Va., Dec. 1.— Rescue parties worked desperately tonight to penetrate the workings of Mine No. 2, of the Boomer Coal and Coke Company, where an explosion caused by a blowout shot occured here yesterday.

A majority of the men employed by the company are Italians.

E. A. Bell chief clerk, at the time said that 300 men entered the mine yesterday morning. Of this number 270 have been accounted for.

Ten miners were rescued from a sub-entrance to the mine at 6 o'clock yesterday evening in a semiconscious condition. When revived they said they had seen many men apparently dead his way to a sub-entrance.

where the explosion occurred. Early reports said that fire was raging in the mine, but rescuers denied this. The fans were not affected by the explosion, and are being kept in operation.

Rescue teams are working in 30-minute shifts under the supervision of State Mine Inspector Earl Henry and D. J. Parker, chief engineer in charge of the car of the United States bureau of mines, stationed at Huntington, W. Va.

John Bertalle, one of the rescued miners, said that 75 men were working near the place where the explosion occured. He was badly bruised by flying debris, but was able to make his way to a subentrance.

GERMAN PLOT LAID BEFORE WAR

Hamburg-American Line's Part in Coaling Ships Mapped Out

SO THE CHIEF STATES

Dr. Buehz Testifies That Government of the Kaiser Was Mainspring of Whole Scheme.

New York, Dec. 1.— The German government was revealed yesterday as the mainspring of the movement to succor German cruisers at sea with coal and supplies shipped on neutral vessels from American ports early in the war by testimony of Dr. Karl Buenz, managing director of the Hamburg-American Line. Dr. Buenz, took the witness stand late yesterday in the trial of himself and other line officials and employees for conspiracy to defraud the United States.

Dr. Buenz, elderly and somewhat infirm, was assisted to the witness chair soon after William Rand, jr. had concluded the opening address to the jury on behalf of the defense Previously Federal Judge Howe had heard protracted argument upon a motion by Mr. Rand, to dismiss the indictments, This motion was denied.

Dr. Buenz, sketched his seventy-two-year career from his birth in Germany, through tenacy of various offices in his native land, to his appointment in the German consular service nearly thirty years ago. He had served his country abroad—in the United States, in Mexico, and in Hait — in the consular or diplomatic service until three years ago, when he was made directing head in this country of the Hamburg-American Line's affairs.

In the fall of 1913, Dr. Buenz testified he received from the heads of the line in Hamburg, a letter notifying him that his superior officers and the German government had signed an agreement which would become operative in time of war—of which there was not then a whisper—and that an abstract of this agreement would be sent shortly to the German consul-general in New York, where he might see it. The letter then outlined the salient points, which were, as recalled today by Dr. Buenz, about as follows:

The Hamburg-American Line would undertake to send coal and supplies to any German warships needing them in the Atlantic Ocean should Germany engage in war.

That certain methods of communication would be used by the home office of the line to advise the line's officials in New York, where to send the supply ships.

In due time the abstract of this agreement came to the German consul-general, here and was examin by Dr. Buenz, There the matter rested until July 31, 1914, On the morning of that day, when the shadow of war rested over Europe, Dr. Buenz received a cablegram from Hamburg reading about as follows:

"Are you prepared to carry out our agreement with the German government?"

He sent one word back—"Yes." And then, feeling that German ships were soon to be swept by allied warships from the sea, he set in motion the machinery to provide neutral vessels to carry his cargoes of supplies to his copatriots afloat, in the South Atlantic.

LAW IS MORE HOPEFUL

Secretary of Colonies says Wealth of Empire Has Not Been Touched.

London, Dec. 1—Andrew Bonar Law, Secretary for the colonies, presided last night at the St. Andrews' day banquet, declared that he felt more hopeful as to the outcome of the war than he had for months past.

In reply to statements in German newspapers that he had said Great Britain was on the point of bankruptcy, Mr. Law said the country was a long way from it, but that he did not pretend that it could go on indefinitely on the present scale. But the wealth of Great Britain, he added, had not even been touched as yet and she could bear the strain for a far longer period than her enemies.

Speaking of the great armies which Great Britain had raised, Mr. Law said the number of men killed or wounded up to the present was three fold greater than the entire expeditionary force at the outbreak of the war.

Referring to the condition of affairs in the Near East, the colonial secretary said that it was no better than could be gathered from the newspapers.

"I go further," he continued, "and say that I look for no specially good news for many months to come. And we may have bad news long before we have good, but that does not alter my opinion. This war is not going to be won or lost in the East.

"If you look at the tendency as a whole, I am convinced we are moving slowly but inexorably toward victory."

He expressed the opinion that there was nothing further to fear, either in the western or eastern theatres of the war, adding:

"In Flanders we are now able not only to fire shell for shell, but two for the enemy's one. A similar condition will soon prevail at the Russian front, and I firmly believe that the danger of invasion will not arise again in that quarter.

"Economic conditions in Germany, produced by the silent pressure of the British navy, are beginning to tell most strongly in our favor, and the German people are ceasing to believe that victory is within their grasp.

"All the heroism which has been shown, all the blood that has been sacrificed, will have been in vain unless we get the result that never again for generations to come will it be within the power of any man or any group of men to turn the world into the charnel house it has become."

WANTS NO SLUGGARD PEACE

Bassermann Would Make New War On Germany Impossilbe

Berlin, Dec. 1—Ernest Bassermann, a leading National Liberal member of the Reichstag discussing the war in the National Zeitung under title "The Will of the People," says:

"A sluggard peace which does not bring us security East and West is equivalent to a lost war. The repetition of a war of destruction by European powers against Germany must be made impossible and will be made impossible if we make ourselves as powerful that none will dare attack us. Decades will pass before the hate of peoples will abate and only fear of the strong will guarantee peace.

"It is not lust of conquest nor vanity, nor desire to rule the world that drives us forward, but the spirit of self- preservation of ahealth people, firmly resolved to achieve security East and West which will prevent a repetition of this horrible war, which has spared no single family."

Herr Bassermann says that nothing could tend to lengthen the war more than the appearance that Germany was seeking peace. He insists that the efforts to starve Germany as he expresses it not only have failed but that the country can hold out for years if necessary.

WANT COUNSEL FOR DEFENSE

State Board of Charities Would Give Criminals Every Benefit

SOME SUGGESTIONS

Favors Enlarging of Negro Reformatory—Numbers of Arrests Made in State During Year.

Richmond, Dec. 1.—Some interesting suggestions and recommendations are contained in the seventh annual report of the State Board of Charities and Corrections, which was submitted to Governor Stuart yesterday by Rev. S. C. Hatcher, D. D., chairman. The board recommends as to legislation, among other thinks:

That the present institutions for the feeble-minded be extensively enlarged, and that these institutions be remodeled after the colonies at Vineland, N. J., and Templeton, Mass.

That schools at the reformatories be made schools for backward children.

That departments for defective delinquents be established at the juvenile reformatories.

That a State institution for defective delinquents be established, to which all jail "repeaters," suspected of being feeble minded and all women of ill repute should be committed and placed under observation.

That the marriage of mental defectives be prohibited by law.

That pronounced defective persons in the custody of State authorities, and other mental defectives, that parents or guardians wish scerilized, may be thus dealt with.

That the appropriation for the negro reformatory be increased from 25 cents per capita per day for 150 boys to 25 cents per capita for 200 boys, the fifty additional boys thus provided for to be defective delinquents committed by the courts.

It is suggested that the system of "indeterminate sentence" be adopted for discretionary use in dealing with criminals, and that the office of "public defender" be created.

"From the standpoint of the State as well as from the standpoint of the accused," says the report, "there are many reasons for creating the office of public defender. One viewpoint of a speedy trial argues for such a step. There is every reason to suppose that with a public defender there will be fewer convictions. This will involve a saving to the State, to say nothing of meting out fairness and justice to many who are now serving unjust sentences. From the standpoint of humanity this one viewpoint alone should be sufficient to cause the creation of this office."

The report says, discussing jails: "We find that the State is apparently losing thousands of dollars annually on account of what seems to be an unfair distribution of fines and an unjust shifting of the burden of maintaining all jail prisons. Under existing laws it is possible for the courts to turn into the city treasuries practically all fines collected and to make it appear that all, or nearly all prisoners sent to jail for nonpayment of fines are State prisoners."

The report shows that ninety-five out of every 1,000 of Richmond's population were arrested in the last year and 154 of each 1,000 of Petersburg. But the explanation is thus given:

"The propinquity of Hopewell probably accounts for the fact." The number of arrests in Norfolk, per 1,000 population was 158; in Roanoke, 166; in Lynchburg, 117; Portsmouth, 101; Newport News, 168; Alexandria, 81; Danville, 138.

ALLEY RIGHTS SUSTAINED

In police court this morning Police Justice Caton, fined a driver for T. J. Fannon, $5, for destroying property in an alley running from Henry to Patrick street, in the square bounded by Patrick, Henry, Ruke and Prince streets. The alley in question has been used for some time by Fannon's drivers who make a short cut from his coal yard. They caused considerable annoyance to Mrs. J. S. Goodrich, who resides on south Patrick street, adjoining the alley, and she secured permission of property owners on the alley to erect posts which would prevent the alley being used as a thoroughfare. These were put up several days ago and were knocked down by the driver who said that he was acting on Mr. Fannon's order. Justice Caton held that alleys were private property and that the abuting property owners could close them if they so desired.

CITY AND STATE TAXES

Mix-Up In Bills May Result in Disfranchisement Unless Prompt Action is Taken

The delay in the handling of the tax bills of the residents of the territory recently annexed to Alexandria may result in the disfranchising of a large number of voters in this territory unless prompt action is taken by those in interest. Yesterday was the last day for the payment of city and state taxes of persons residing in the annexed district which included portions of Alexandria and Fairfax counties. without incurring a penalty. Heretofore both the state and county taxes have been paid to the treasurer of the respective counties. This year the state tax is to be paid to the treasurer of the counties and the city tax to P. F. Gorman, collector of taxes for Alexandria City. With the state tax must be paid the capitation tax which permits voting in next years elections. The next election will be held on June 6th, 1916 at which time city officers and members of council will be elected. In order to participate in this election poll taxes must be paid by December 6th.

City tax Collector Gorman today received the bills for the city taxes for the residents of what was formerly Mt Vernon and Falls Church Districts of Fairfax county. There are about 250 of these bills but the greater part of the residents of these two districts. now included in the city of Alexandria, have already paid both their state and county taxes to the county treasurer of Fairfax county.

Mr. Gorman expects to receive by tomorrow the bills for people residing in what was formerly Alexandria County. Although the law provides that after today a penalty of five per cent shall be added Mr. Gorstated that he would not enforce this penalty for ten days on account of the delay in the bills reaching his hands.

There is some question as to the right of the city to collect the city taxes on the property but the city council has agreed to protect any tax payer in case it is afterwards ascertained that the counties have the right to the taxes.

LATE J. W. HOOFF

ICE FORMS ON RIVER.

Some of the Smaller Streams Are Frozen Over.

Ice was found on the river last night for the first time this season. It was not much ice, but it shows that the water in the river is becoming cold, and needs but a fall of snow to chill it so that good heavy ice will form. This morning the shore was covered with the ice that had formed and been blown ashore by the wind.

PEACE DESIRED

But Allies Say Emperor William and Party Must Be Unhorsed

London, December 1—Viscount Haldane former lord high chancellor discussing the possibilities of peace during a meeting in King's Hall last night, declared that peace was more to be desired than any other thing at the present moment.

Nevertheless, the speaker predicted that no peace negotiations would be considered by Grate Britain or her allies until Emperor William and the German was party have been thrown out of the saddle by the German democracy.

The allies o fa century ago, said Viscount Haldane, were quite ready to make peace with France, but not with Napoleon. So also today, until we can deal with the real German people, whom we can trust and whom we know as sane contributors o many good things to the world's civilization, but who have temporarily yielded their place to false leaders, we do not care to talk peace.

TAXES SHOULD BE PAID TO THE CITY

Residents of the territory lately annexed to Alexandria should not hesitate in paying their city taxes, due now to the City of Alexandria instead of to the treasurers of the counties to which they were formerly attached. They are now residents of the city and every dollar received from taxation on their property will go directly into improvements in the annexed territory. Under the terms of the annexation order all taxes received from the new territory must be spent in permanent improvements there or the city must make other arrangements which will mean the expenditure of a considerable sum of money for these improvements.

As will be seen by an article in today's paper tax bills for residents of what was formerly Mt. Vernon and Falls Church districts of Fairfax county are now in the hands of City Tax Collextor Gorman and those for Alexandria county will be in his hands tomorrow. He will allow ten days for the payment of these bills before enacting the penalty as provided by the law on account of the delay in the bills reaching his hands.

There can be no possible risk in the payment of taxes to the city as the City Council has agreed to hold harmless against all claims tax payers who pay their taxes to the city.

WOULD NOT BE A BUDGETON

The thousands in Virginia who voted for Claude A. Swanson for United States Senator have never had any cause to regret their action His record in the lower House of Congress as well while Governor of his State was an earnest of what might be expected of him when he donned the togo He has ever shown himself to be equal to all occasions and emergencies and the people of the old Dominion, realizing that they have the right man in the right place will doubtless keep him in his present position.

The prompt action of Senator Swanson in refusing to allow his name to be used in connection with the position of President pro tempore of the Senate shows that he is averse to availing himself of any political advantage at the expense of a fellow-Senator who recently incurred the hostility of some of his colleagues. Mr. Swanson's action should be followed as by such a course party feuds would be minimized greatly.

Senator Claude Swanson, stated at the close of the State Democratic caucus Monday afternoon that under no circumstances will he allow his name to be used as a candidate for the president pro tempore of the Senate to succeed Senator Clarke, of Arkansas, when the caucus meets again today for the purpose of electing its officers.

Senator Swanson has been put forward to succeed Senator Clarke as president pro tem. of the Senate by a large group of senators who vowed last spring to "get even" with Clarke for his action in deserting them to join the Republicans' filibuster against the administration ship purchase bill.

There is another group of Senators, however, who are satisfied to smother their personal feeling against Clarke for the sake of party harmony, and Senator Swanson is in this group. Senator Swanson is understood to take the position that he will not allow himself to be used as a means of revenge upon Clarke, even though he might personally gain thereby, and this, added to his desire for harmony in the party, has set him unalterably against accepting the honor.

MASSACRES IN ARMENIA.

Theodore Roosevelt lays the wholesale slaughter of Armenians by the Turks indirectly on the "milk-and-water attitude" shown by the United States.

"As long as the United States proceeds whether as regards Mexico or as regards Germany, whether as regards the European War or as regards Belgium, on the principles of the peace-at-any-price man, of the professional pacifist, just so long it will be as absolutely ineffective for international righteousness as China itself."

Many years ago a book entitled "God in History" came from the press. The object of the writer was to show that proper men filled positions in the critical stages of all nations and that world was not run on chance principles, but that wise providence is directing all events. Many notables incident were quoted to prove this. Theodore Roosevelt filled the presidential chair at a time when other countries were not posing with chips upon their shoulders and there was no occasion for this nation to manifest bombastic instincts. The colonel played his part and stepped aside for his successor, a man representing another political party. Mr Roosevelt has for sometime criticised the present incumbent of the White House, taking issue with him almost incessently. But it is realized that it would be unfortunate for the country were the colonel chief executive at present, as his sentiments expressed above savor of the bellicose which all good citizens are striving to stifle.

As suggested above, people appear on the stage at the proper time. The words of Mordecai to Esther— 'Who knoweth whether thou are come to the kingdom for such a time as this?" can be applied to Woodrow Wilson, whose safe and sane policy has kept the United States out of this terrible war which the former President seems to think we should enter.

WOULD KILL PRISONERS

Peace talk continues in Germany and has been taken up by the press, throughout the empire, In a significant statement issued by a Dr. Self, the imperial colonial secretary, in which he asks "no more than an honorable peace with the guarantees of a happy future," is being widely quoted and approved. The most violent war organs are joining in this trend of comment, although they insist that Germany seeks peace only for reasons of humanity.

Drastic threats are contined in the tenth issue of the Deutsche Kriegschriften, which publishes an article by Dr. Heinz Pothoff, leader of the Progressive party in the Rhine province and a former member of the Reichstag.

"There is no doubt," says this article, "that the German general staff will resort to extreme measures if necessary. If Germany should ever be brought to the verge of actual starvation, it is certain that the general staff will do anything rather than allow the victorious German armies to be called home from France, Russia and Belgium owing to the lack of food.

"The staff will adopt the severest measures rather than submit a peace dictated by starvation. Extreme reprisals are within our reach. If necessary we must expel all inhabitants of the territories occupied by our armies, and drive them into our enemy's lines.

"If necessary we must kill hundreds of thousands of prisoners now consuming our supplies. It would be frightful, but inevitable, if there is no other way of holding out."

SNAKE IN THE CEILING

Automobile Club Has Panic In Garage as Seven Feet of Reptile Come Forth.

Chicago, Dec. 1.—A snake charmer from South State street yesterday crooned a weird near-melody, reached a long arm through a hole in the ceiling of the Chicago Automobile Club garage and plied out seven feet of very live snake.

The reptile was first seen last Friday, hanging half a dozen feet from a hole in the ceiling and sunning itself in front of the window.

The snake apparently belonged to a traveling show. Apparently it has been living between the first floor and the basement celing eating rats.

Establishment of an Albanian kingdom, bordering on Austria, Bulgaria and Greece, under the rulership of Prince William of Wied, is the central powers' present plan.

Fifty-nine dead and 66 injured is the hunting toll in eighteen States for the season which ended yesterday, as compared with 111 dead and 162 wounded a year ago.

William J. Bryan says he has been forced to decline to sail on the Ford peace ship, on December 4. He says however, that he approves of the plan and expectes to join the party later in Europe.

Fred Grisson, a young white man, was killed, and two negro employees were severely injured Monday when an elevator at the Seaboard Milling Company at Henderson, S. C., fell upon them. Grisson was removed to a hospital, but died in a short while.

Premier Asquith's daughter, Violet, and his secretary, Bonham Carter, were married at St. Margaret's Westminister, London, yesterday afternoon. The wedding was attended by most of the members of the diplomatic corps, representatives of royalty and many society people.

Senator John D. Works, announced in a letter published yesterday in in a letter published yesterday in Long Beach, Cal., that he would not be a candidate for re-election. He is a Republican and his term expires March 4, 1917. Senator Works, says in his letter that he wishes to retire because of his age, which is 70 years.

Frederick S. Stratton, for 13 years collector of the Port of San Francisco and one of the most prominent attorneys in California, shot and killed himself in Pleasanton, Alameda county, Cal., yesterday evening. Stratton has been recuperating from mental disability at the Livermoor sanitarium for the past three months.

Gen. Carranza has ordered the restitution of rich coal lands in the Sabinas district, Coahuila, valued at approximately $50,000,000 to their American owners. His government had seized the lands because of the belligerent activities of some of the Mexican stockholders in the companies operating there.

The Supreme Court of West Virginia, yesterday declared constitutional that section of the liquor law which prohibits liquor dealers outside the State from advertising their wares in West Virginia by circular letters and order blanks. The decision came when the court confirmed a decision of the Circuit Court of Harrison county.

D. H. Walters, an insurance brokerr of Washington, last Sunday night, blinded by the glare from the headlight of a car as he drove his automobile off of the east end of Cabin John bridge, lost his bearings as to the turn of the road, plunging over the 100-foot embankment, to Cabin John Creek below, the car being totally wrecked in its fall, crashing against the trees and bowlers, and yet he escaped practically uninjured.

Rumors of impending change in the Austrian cabinet have excited surprise and some apprehension in political circles in Vienna. The Austrian parliament has not been in session since the outbreak of the war, and the fear is expressed in some of the dispatches reaching Zurich from Vienna that matters of great portent must have arisen to produce ministerial changes at the present critical moment.

Roumania has given the allies new cause for concern over the Balkan situation by serving notice on Russia that she bars the Danube to Russian ships of war. Roumania in a most energetic note, according to reports received from Bucharest, demands that Russia respect her neutrality and declares that she "will defend her neutrality if necessary." The note according to Bucharest dispatches emphasizes the significant warning that the Danube has been mined.

VIRGINIA NEWS

Joseph William Bronaugh, Jr., deputy treasurer of South Richmond, and formerly treasurer of the city of Manchester, died yesterday.

Alexander Tedford Barclay, 72 years old, one of the founders of Buena Vesta, and interested in industrial development in Rockbridge during the "boom" days 25 years ago died here Saturday. He was an ex-Confederate Soldier.

Since the year 1903, when the payment of capitation taxes became imperative under the New Constitution, the total amount due the State by men who have failed to pay up aggregates, for the year ending October 1, 1914, just $2,841,486.70. The men in the cities are far more delinquent in the matter of paying poll taxes than the people in the counties and towns. It is stated that 25 per cent. of the white people fail to pay in the counties, while the negroe are delinquent 58 per cent.

An illicit still was located Monday night by deputy internal revenue officers on the place of Richard Beach, near Heflin, in Stafford county. Richard Beach and Cleveland Beach were arrested and taken before United States Commissioner L. F. Pierson. They gave bond of $1,000 for their appearance before Commissioner Pierson on December 9. The still has a capacity of about 50 gallons of brandy in 24 hours. The officers also found about 400 to 500 gallons of cider and a small quanity of brandy.

Auditor C. Lee Moore has sent a circular letter to all county and city treasurers suggesting that they receive taxes due to the State up to December 31st without exacting the penalty imposed by law for persons who fail to pay by December 1st. Mr. Moore explains that because of the heavy duties this year, a complete change of the tax laws, the properties books were not in the hands of the officers in time to permit of the making of the tickets for settlement by December 1st, and he makes the suggestion that the collections be made and the penalty omitted. This will apply solely to State levies and not to county taxes or district taxes.

Capt. Thierchen, commanding the interned German cruiser Eitel Friedrich at Norfolk is reported to have requested the naval authorities to shoot any man from his ship caught making an attempt to escape and who refuses to return when commanded to do so by the sentry on guard. This action it is said, followed the refusal of Ernest Schmetzker, who escaped from the ship Sunday night by swimming across the river, to halt. Schmetzker was seen by a sentry and ordered to halt, but he kept on swimming. The guard could have shot the man, but it is said he had orders not to do so Schmetzker is now in irons on board the Eitel Friedrich. He was captured, two hours after he left his ship in a resort in Norfolk.

Strike Breakers Attacked

Wilkesbarre, Pa., Nov. 30—Rioting broke out yesterday in the street car strike here with the appearance of the first car on the Plymouth line. The crew taking the place of striking employes were badly beaten.

When the car reached a railroad crossing in Plymouth a score of men boarded the car and attacked the crew. The motorman ran the car a few blocks as he battled with the mob and when the State police arrived the mob alighted and disappeared. No arrests were made.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.

Take one or two nightly and note the pleasing results.

KAISER BLOCKS PEACE PLAN.

Visit to Aged Emperor Franz Joseph is Significant.

Rome, Dec. 1—It is stated in diplomatic circles that the Kaiser's object in visiting Vienna was to dissuade Emperor Franz Joseph from concluding a separate peace. The Austrian Kaiser feels bound not to spare any effort toward peace, since he is obsessed with the idea that his empire is inevitably doomed to disintegration if he dies during the war.

Influenced by the Pope's repeated exhortations and stirivings for peace Franz Joseph recently attempted indirectly to initiate negotiations towards a separate peace with Russia.

As King Alfonso, of Spain, was believed to be desinted to act as Francis Joseph's intermediary with Russia, the Kaiser determined not to tolerate Austria's independent peace initiatives. It was for this that he ordered Prince von Buelow to Spain, but he countermanded the journey when Francis Joseph's attempt for a separate peace with Russia failed. Von Buelow, however, was ordered to remain in Switzerland, where he would be able the better to watch Austria.

Franz Joseph meanwhile notified the Pope of his willingness to consider favorably any papal effort towards ending the war. The Pope evidently had decided to allude to Francis Joseph's peaceful intentions in his allocution at the forthcoming consistory, whereupon the Kaiser, warned by Von Buelow sent Cardinal Von Hartmann hastily to Rome, where he is now striving to persuade the Pope that any initiative towards peace would be premature and would be opposed by Germany.

But the Kaiser took no chances, and lest Franz Joseph should succeed in emancipating Austria from Germany, he decided to go to Vienna, personally and exert his own influence with the Austrian attempts to secure peace.

London, Dec. 1.—The Pall Mall Gazette associating Emperor William's visit to Vienna with reports that Germany is willing to enter upon peace negotiations, ventures the opinion that as already suggested, the emperor's trip to the Austrian capital may represent a fresh attempt to bring about conclusion of a separate peace between Austria and Italy. It says:

"Some features of Italy's attitude may lend encouragement to such an enterprise. The government at Rome, for reasons never disclosed, has refrained from declaring war on Germany and has shown no particular eagerness to cooperate with the allies in restoring the situation in the Balkans.

'If it is believed in Berlin that Itsly can definitely be squared by a liberal surrender of territory wherein she claims a national interest, great pressure may be employed at Vienna to bring about such a sacrifice and thus liberate Austrian troops for other regions."

NO REASON FOR IT

When Alexandria Citizens Shows a Way. There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what an Alexandrian citizen says:

William H. Beach, 417 S. Lee st., Alexandria, says: "My back pained me so badly that I could hardly get about. The kidney secretions passed too frequently and during the night I had to get up every little while. I felt so sore and stiff in the morning that I could hardly get out of bed. I was tired and languid and had no ambition to do anything. I finally got a box of Doan's Kidney Pills at W. F. Creighton & Son's Drug Store and the first few doses gave me great relief. I used about four boxes and they put my kidneys in good condition. My back never aches now and I feel first-class in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beach recommends. Foster Milburn Co., props., Buffalo, N. Y.

Stomach Troubles

Persons who have stomach troubles are apt to become discouraged. They will see by the following that their chances of recovery are excellent. A. K. William, Independence, Va., tells of a remarkable cure that was effected in that vicinity. One of his customers was so badly afflicted with stomach trouble that he was sent to a hospital, but received little benefit and came home to die. Mr. Williams suggested that he try Chamberlain's Tablets which he did, and today he is a well man and weighs 175 pounds. Obtainable everywhere.

GERMANY LOOKING AHEAD.

Buying Copper Here to be Delivered After the War.

New York, Dec. 1.—Orders for copper aggregating 200,000,000 pounds, nearly one-fifth the annual production in the United States, have been placed by German representatives with copper concerns in this country, it was reported yesterday. As copper is quoted at 20 cents a pound the cost of the German purchases amounts to $40,000,000. In instances where the contracts have been filled the metal has been placed in storage under an agreement to ship it to Germany immediately after the war.

The orders placed in America amount to nearly four times the annual production of copper in Germany. America produced 1,110,062,000 pounds of copper in 1914.

Within a few months the German government has been commandeering copper wherever it could be found in the German empire.

HURICANE IN PORTUGAL

Many People Crushed to Death in Ruins of Their Homes.

London, Dec. 1.—A hurricane that struck the Portuguese coast swept inland yesterday causing immense damage to property and killing many persons, who were crushed to death in the ruins of their destroyed homes. Reports to the ministry of interior indicate that at least ninety have perished, and the death list is expected to mount higher as communication with the interior is restored.

The Lisbon storm tore off the roof of the former royal residence and damaged many public buildings. Great trees were torn up by the roots and traffic was suspended throughout the city.

At the mouth of the Tagur heavy damage was done to shipping. Ten vessels were driven ashore. On the coast a tidal wave accompanied the hurricane.

Heals Skin Diseases

It is unnecessary for you to suffer with eczema, ringworm, rashes and similar skin troubles. A little zemo, gotten at any drug store for 25c, or $1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful disappearing liquid and does not smart the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

Zemo, Cleveland.

Bronchitis

When a severe cold settles on the lungs it is called bronchitis. There is danger of its leading to broncho pneumonia, and for this reason it is always best to go to bed and take Chamberlain's Cough Remedy as directed until well along toward recovery. Mrs. Charles E. Woodard, Sandy Creek, N. Y. writes: "Chamberlain's Cough Remedy cured me of bronchitis last fall. When I began using it I was so hoarse at times that it was difficult for me to speak above a whisper. I resorted to the use of this valuable medicine and found it very soothing and healing. In a week's time I was well." Ob-
